Complete Fluff Dry	Our facility is equipped with high velocity dryers which enable us to fully blow out your pet's coat. This process is great for removing old undercoat and dander while enhancing circulation. The removal of dander reduces airborne elements that cause allergies and creates a healthier living environment for you and your pet. We also complete the fluff dry with a hand dryer while brushing to further fluff your dogs coat and help remove additional undercoat. This service is included in all of our packages.	\$0
Flea and tick	A deep cleansing, hypo-allergenic and tearless shampoo that aids in the removal of fleas and ticks. This organic shampoo cleanses the coat without stripping it from its natural moisture balance. Peppermint scented. Not a preventative, it is recommended to use a topical treatment 24-48 hours after flea bath. Tick removal is extra. All pets with fleas will be treated at the owners expense.	\$10 +
Teeth brushing	Our service involves the use of a pet brand toothbrush that safely and effectively remove plaque build-up, kill germs, and control bad breath. Regular treatments help keep teeth clean, reducing the risk of gum disease and can add years to your pet's life. Experience best results when starting your pet at an early age. Poultry flavor makes it a more enjoyable process for your pet. We then top it of with a breath spray that leaves breathe minty fresh.	\$8
